

Diving Emergency Management Provider (DEMP)

Why Take This Course

When a dive accident occurs, multiple things happen. Separate small problems can compound to create a larger problem. DAN's Diving Emergency Management Provider (DEMP) program prepares you to handle the kinds of multifaceted accidents that may occur. It's an easy and fast way to take four of DAN's core first-aid courses in one program.

What You Will Learn

The DEMP program prepares you to address multiple problems at once and with confidence. It combines the knowledge and skills from the following four courses into a single approach to managing diving emergencies:

Basic Life Support: CPR and First Aid, Neurological Assessment, Emergency Oxygen for Scuba Diving Injuries and First Aid for Hazardous Marine Life Injuries.

You will learn the content and skills of the four courses:

- CPR & use of AEDs
- Neurological assessments
- Decompression illness and stroke
- Atmospheric gases
- Respiration and circulation
- Oxygen safety
- Oxygen first aid for scuba diving injuries
- Envenomations from marine life
- Traumatic injuries
- Life-threatening complications
- Seafood poisonings
- Avoidance of marine life injuries

Course Details

The DAN DEMP course is now only offered as an e-learning course. Once registered you will receive a link to go online and complete the e-learning section of the course. Apply early to give you enough time to complete the e-learning portion of the course. If not completed you will not be able to participate in the skills evaluation session nor receive your certification.

Registration Deadline: April 29th, 2017; To Register send email to wenzlr@gmail.com

Cost: \$80.00; Includes e-learning course, skill evaluation session and certification. Valid for 24 Months.

Skills Session: May 6th, 2017 9AM till 6PM

Note to Instructors and Divemasters: It is a requirement of your certification that you remain current with both your First Aid and Oxygen Provider certifications. The DEMP course meets the requirements needed to maintain your Divemaster or Instructor Qualifications.
