2025 AGM
Minutes**

2025 MESSAGE FROM YOUR PRESIDENT

At the 2025 AGM, the need for new executive members to step up and for more volunteer assistance was emphasized once more. The club is at a tipping point. *We can flourish with enough help or we can perish under the weight of the workload on a few members. Time for people to decide what choice they want to support.*

A new equipment management plan will be needed this year.

Some suggestions from the AGM that need the details to be worked out

- Handling the equipment allocation differently, such as signing out wetsuit and basic gear for the summer
- Having a gear try on weekend for members without their own gear,
- Having both a gear and people carpool signup
- Requiring dive sign ups 1.5 weeks in advance in order to accommodate the additional organization tasks

Please get in touch to let us know where you can pitch in!
